HARVARD WINS IN COLLEGE REGATTA

Crimson Leads in All of the Events—Crowds Witness Aquatic Contests

NEW LONDON, Conn., June 30.—Harvard was triumphant this morning in the events of the annual Yale-Harvard regatta on the Thames. The crimson freshmen eight defeated the Yale babies over the two-mile upstream course by one length, after a gruelling contest. Harvard led throughout, although compelled to fight desperately. Yale was handicapped by the illness of Stroke Ap. The time of Harvard was eleven minutes and fifty-four and one-half seconds; Yale, twelve minutes and two seconds. The Harvard 'varsity' four beat the blues by five lengths in the two-mile upstream course. Unofficial time, thirteen minutes.

The official time of the four-oared race: Harvard, 13 minutes and 57 seconds; Yale, 14 minutes and 18 seconds.

The greatest crowd that ever witnessed a New London regatta saw the races today. The weather was perfect. The Harvard 'varsity' eight, nearly all veterans, are strong favorites. The final race for today is scheduled at 4 o'clock this afternoon.

A sudden wind made the course rough, necessitating the postponement of the hour of the 'varsity' eight race. Mrs. Roosevelt was among the spectators. She wore the Harvard colors.

According to McCormick, Altoree said Thompson entered his apartments and took the money from glass jars where it was hidden. The money was in a package addressed to the First National Bank. Its disappearance caused a sensation in coast postal circles. Altoree's trial for the alleged theft was scheduled for today. Thompson was formerly his attorney.

BEVERLY, Mass., June 30.—Scores of uninvited guests crowded the grounds of the summer capital today to witness the first meeting of President Taft and Colonel Roosevelt since Roosevelt's return. Reporters and photographers occupied prominent places in the throng that jammed against the president's fence. The streets for blocks from the Taft home were crowded with curious persons.

Politicians are divided as to the probable results of the meeting. Many declare Roosevelt will refuse to endorse certain official actions by Taft and others hold a contrary opinion. Many even predict that the meeting will result in an open rupture between the men.

BUY BUSINESS FOR LOCATION

Horton-Spurgeon Co. Takes Over Santa Ana Furniture Co.—Hankey Sells Out

The Horton-Spurgeon Co., furniture dealers, now owns the stock and business of the Santa Ana Furniture Co., E. P. Brooks of the latter company having sold to the Horton-Spurgeon Co. this week. One of the principal reasons the Horton-Spurgeon Co. had for making the purchase was that the company wanted the location of the Santa Ana Furniture Co. in the Hervey block, at the northeast corner of East Fourth and Spurgeon streets. The room there is much the larger of the two. The stock of the Horton-Spurgeon Co., in the Opera House block, will be moved soon to the Hervey block and the two stocks consolidated. Clyde Horton and W. H. Spurgeon, Jr., managers of the company, have made enviable reputations as business men and dealers who "deliver the goods," and this move in improving their business opportunities will be furthering their already finely established business.

Another business change of interest is that J. A. Hankey has sold his interest in the Hankey & Congdon automobile and garage business to Claude Congdon of El Monte, brother of Walter Congdon, who has been a partner and will continue in the firm. This firm has one of the best established automobile businesses in Orange county, enjoying the full confidence of the public.

Other issues are a tax-regulating ordinance and a proposition to sell the present city hall site and building.

Defendants in Non-riparian Rights Suit Asks Trial in Riverside County

AFFIDAVITS PUT IN WITH NOTICE

Superior Judge West Stock- holder in One of the Plain- tiff Corporations

A number of the defendants in the suit brought to settle water rights, in which the Santa Ana River Development Co., the Santa Ana Valley Irrigation Co. and the Anaheim Union Water Company are plaintiffs and James Long and a number of others are defendants, have given notice that on July 8 they will ask the superior court to transfer the case to Riverside county for trial.

The suit is brought against alleged non-riparian users, and is an important case. Among the defendants are some large interests.

Several affidavits have been filed with the county clerk in connection with the notice of the motion. Among these affidavits is one from James Long to the effect that Judge West, presiding over the superior court in this county, is a stockholder in the Santa Ana Valley Irrigation Co., and that Riverside county is the proper place for the trial of the case.

That Judge West is a stockholder in the S. A. V. I. Co. is stipulated by Attorneys John D. Pope of Los Angeles, E. E. Keech of Santa Ana and Richard Melrose of Anaheim for the plaintiffs, and Scarborough & Bowen of Los Angeles and G. R. Freeman of Corona for the defendants who have appeared, all not having appeared.

The lands on which the Orange county irrigationists assert the defendants are using water and which lands are alleged to be non-riparian, lie in Riverside county.

Resolution Asking That All the Main Highways be Included In Plan Was Passed

About eighty men were present at the meeting of the Associated Chambers of Commerce at Fullerton last night. Following the banquet the business meeting was held. Vice-President Aldrich of La Habra in the chair.

At a previous meeting a resolution was offered addressed to the Highway Commission, asking the body to plan for improving all the main highways of the county. The Associated Chambers was doubtful as to the advisability of offering any advice to the commission, and a committee, of which A. C. Black of Santa Ana was chairman was appointed to look into that phase of the matter. Black reported last night that the commissioners had said they would be very glad to receive advice from the Associated Chambers, it being their desire to get information as to the wishes of the people. The resolution was then passed.

H. C. Head of the advertising committee reported that the new booklets would be ready for distribution soon. The committee appointed to see what can be done about getting a coast road from Bay City to Laguna Beach was continued.

DOCTORS FEAR FOR HIS LIFE

High School Boy Injured in
Motorcycle Accident Lies in
Stupor—Operated Upon

FULLERTON, June 29.—Lincoln Good, the young high school graduate who was seriously injured in a motorcycle accident last Thursday afternoon, is still unconscious at times. For more than forty-eight hours he did not regain consciousness at all, and for the past three days he has been in a stupor, from which it seems almost impossible to arouse him. He is able to eat when food is placed on his lips, and his temperature and pulse are good.

An operation was performed upon the boy Monday to remove two blood clots which had settled at the base of the brain. He rallied well after the operation but no improvement in his condition has been noted, and the doctors now fear that his life cannot be saved. Good was injured while riding on the rear seat of a tandem motorcycle driven by Ted Salvason of this city. The machine struck a soft place in the road and both boys were thrown. Salvason, although on the front seat, was not injured, but Good struck a protective frame built around a young tree, with his head and shoulders, rendering him unconscious.

Twenty-three cars of oranges were shipped from the Santa Fe station in this city last week. The sweets and St. Michaels are now being rapidly cleaned up to make room for the incoming Valencias.

S. G. Shoemaker has sold his nine-acre ranch near this city to Davis and Orton, who are erecting an ice plant in Fullerton. The ranch is highly improved and is set to walnuts. The consideration was \$9000.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people nowadays insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Doctor Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Three Members of Santa Ana
Elks Lodge Going to Detroit
on Special Train

Orange county has done its share in getting together exhibits to be used by the Orange Belt lodges at the Elks' grand lodge at Detroit. Three members of the Santa Ana lodge—Fred Ross, Clare Johnson and Ed. King—are going on the excursion to attend the gathering of the herds.

Practically everything is in readiness for the excursion of the Orange Belt Elks into Detroit. The immaculate orange and white costumes of the 100 or more boosters will serve to bring to the attention of spectators the attractions of the premier citrus belt of the world.

The suits are to be of white throughout, double-breasted, white flannel, with white shoes and white hats. The orange will flame forth from neckties and from the band to be worn on the left arm. At Detroit the lodges of Riverside, San Bernardino, Redlands, Santa Ana, Pasadena, Pomona and Santa Barbara will unite under one marching order as the Orange Belt lodges. Although the last named lodge is not, strictly speaking, a part of the orange belt aggregation, its members will board the same train and constitute an integral part of the Southern California Orange Belt Elks.

The train, which will be made up partly at Colton and partly at Los Angeles on July 3, will be the finest. It is said, that the Southern Pacific has ever sent out of California. It will consist of five coaches, including baggage and observation car. Twelve days will be consumed in the trip. Stops will be made at various points of interest, including San Francisco, Sacramento, Lake Tahoe, Denver, Colorado Springs and Salt Lake City. A full week will be spent at Detroit.

Secretary H. M. May of the Riverside Chamber of Commerce, who was appointed to represent the four orange belt counties in securing the exhibit to be placed on display during reunion week, will leave Riverside over the Los Angeles limited on Thursday. He will assist Mr. Wilson of Los Angeles, who is to install the exhibit, with the preliminaries, and will have charge of the information desk and publicity campaign which will be waged with the help of the Elks boosters from the orange belt. Both literature and products will be distributed to visitors.

Mr. May states that the shipment of products that has gone East represented forty-eight different shippers and nineteen different cities and towns, and covers practically every citrus district in the four counties. He is now making up a list of Southern California slides which he will exhibit not only at Detroit but at other points.

"The Belfringer's Daughter"

The latest Edison production, which shows the old bellringer tolling the evening curfew at the opening of the story. At sunset he is greeted by his daughter, who is greatly beloved by a young farmer. The latter, having more heart than forethought, aids a condemned political prisoner to escape. The pursuing soldiers have reason to believe that either the father of the girl or the young lover is guilty, but succeed in arresting the father only. Later, when the girl has hidden the young man, he is captured, the girl revealing the hiding place to save his life. To make sure of getting the guilty one the daughter is given her choice between her father and her lover by the ringing of the curfew bells. If the bells fail to ring at sunset, her father dies; if the bells do ring out, her lover dies, and all through the greatest of interest is maintained. "Burly Bill" is a thousand foot comedy. Burly Bill will make you laugh and will also make a lump come in your throat. "An Unexpected Friend" is a touching little drama, while "Floating to Wealth" is one of those big long laughs with the unexpected always happening. All of these new moving picture plays will be presented at the Temple Theatre tonight and Friday, and you will miss a treat if you fail to see them.

WERE WELL PLEASED WITH THEIR VISIT

The twenty-five young ladies who were in the party entertained here Tuesday went away well pleased with Santa Ana. They particularly enjoyed the automobile trip, and said they saw for the first time on their trip the things that they thought made Southern California. The party was composed of winners in a subscription contest on the Gazette-Herald of Colorado Springs, Colo., and was in charge of Walter Calkins. F. W. Fuller served refreshments to the visitors at the Dragon.

WHAT'S DOING AT BERRYDALE

Birthday Crop Reported Good —Snodgrass Has Gone After Those Fish Again

(By D. W. McDannald)

BERRYDALE, June 26.—J. S. and Marie McDannald returned Friday night from an extended sojourn in the infant state of Arizona. The kids gained enough wisdom in their stay on the Gila to make a volume of equal size and intelligence to Webster's "under-the-bridge." They say that country holds more long distance attractions than any other place under the sun, but they are all like the pot of gold at the foot of the rainbow, always a short distance ahead.

J. T. Megeath is due to arrive home tomorrow morning.

Every man, woman and child in Berrydale has had a birthday this month and if I mistake not, Charlie Knott passed up a couple of them.

Dan Reynolds had the misfortune the other day to allow his hand to come into contact with a wood saw in motion, and the fool thing bit the end off from one of his fingers.

H. W. Snodgrass and family and Raymond Topham and wife of Covina left this morning by the light of the twinkling stars for their annual outing at the mouth of Aliso canyon. Snodgrass has been making these pilgrimages ever since the time when Aliso canyon was on top of the ridge. Angling for "suckers" is his favorite pastime, and a great many of the older members of the funny family have been hooked so often they have learned to recognize his outfit, and when a wagon covered with white canvas and drawn by a span of well groomed bay horses comes over the ridge from Laguna, they may be seen breasting the waves and with an occasional anxious glance over the shoulder, they make for deep water far from shore, where they remain until a wagon, covered with white canvas, drawn by a span of well groomed bay horses is seen crossing the ridge leading toward Laguna. To any of my friends who anticipate good fishing at Aliso, I would advise going either before or after Snodgrass.

Associated Press dispatches harp a good deal about "big trading" on the boards. Pshaw, that's nothing smart. There has been some "big" trading in Berrydale lately, and that, too, among the "tender sect." One lady traded a pair of quilting frames for a churn dash. Another exchanged a brown leghorn pullet for a crock of home-made pickles, and I understand there is a deal on whereby one "lady of the house" will swap another "lady of the house" for a recipe for removing, beach tan for a new crochet pattern.

D. E. Cozad has caught and landed one of the largest elephants that has ever roamed these jungles. He has an apricot crop that would do your eyes good to see. While the trees are loaded down to the guards and a great many of them are lying flat on the ground, the cots are extra large. Usually when the trees are so heavily loaded the fruit is small, but this rule failed to hold good in Mr. Cozad's orchard.

Col. O. H. Coulter made a flying trip here today. This statement is made in a vein of metaphor that will have to be rearranged since men do make "flying" trips. The Colonel has many warm friends in this section and if its our votes he wants, why of course, they are "his'n" just for the asking. Every man, woman and child I have talked with on the subject is a Coulter man, first, last and for all time.

I met Mit Phillips on the streets of Santa Ana the other day and Mit greeted me with that old time laugh. I have known him a great many years and in all this time that laugh has not changed the fraction of an octave. It greets you with a tintinnabulation as it goes a galloping over the house-tops, meanders out across the stubble fields and ends only when by its irresistible charm you join in the chorus. In his infancy Mit was taught that "if you laugh, the world laughs with you." During Carnival week last year Mit was placed at the head of a committee whose duty it was to look after the welfare morally, physically and socially of visitors from out of the city. The task assigned to Mr. Phillips was not only burdensome but extremely delicate, but he met every difficulty at the turn, and downed them with that cheery laugh. For further proof I cheerfully refer you to Nate Ulm or Dan Thomas.

Besides being a very efficient official, a "hall fellow" and a native son, Bry Williams is a good disciple of old Isaac Walton. But he is no

hog. If he goes up the creek fishing in order to get the nomination from he does not take the Krick with him. Cal Lester. I don't think so now. I once thought Frank Trickey would And this also goes to prove I am no fool. I changed my mind.

T. R. TO THE RESCUE

Speaking again of the political situation in this country the Register hereby calls attention to a very peculiar state of affairs, which is apt to cause some queer mix-ups in the U. O. P. Some of the leading newspapers are bitterly opposed to the Roosevelt policies, but have not the hardihood to say so. The attack is always made obliquely. Innuendo and mis-statements of fact are about as close as they dare to come to it. To openly denounce Roosevelt or his policies would expose the game and cause an entire loss of public confidence. The masters they serve know the folly of boldly taking issue with the American people and hope to accomplish by indirection that which they see no way to do otherwise.

It would be folly to undertake to stem the present high tide of public sentiment as to Roosevelt and his policies, and yet we know that the disposition is there, and that all it lacks is the power to make itself felt. Could a safe way be found, the interests that control these publications would relegate Roosevelt and his policies to hopeless oblivion.

This seemingly universal acclaim of Roosevelt is only in the seeming. The great private interests that opposed him when president will as stubbornly resist him and his policies in the future as in the past. The only thing that can prevent them from gaining their ends is for the people of this country as a people, and not as Republicans simply, not in a partisan sense, but as a nation—to "stand pat."

CLIMATE

Chicago is a great city, even in its disadvantages. From the standpoint of a Santa Ana, its killing heat is something terrible to think of. Under our conditions it is almost impossible to realize what is going on in that and other places. When you get to a climate where the thermometer has a range of 130 degrees it certainly requires a hardy people to endure it. There you will not find flowers growing out of doors the year around as at Santa Ana. When this happens, as it does here all the time, the vicissitudes of climate are reduced to a minimum. Life is not a continual struggle with the elements. You can enjoy each day without living in dread of a tempest or a heat wave.

In the east each specially fine day is dreaded as a "weather-breeder," and they expect it to be followed by a squall of some kind—snow, hail, sleet or wind, and possibly a combination of them. Anent eastern weather there is always a "fly in the ointment." There is and can be no assurance of settled conditions with the possible exception that it now and then settles down to do everybody up with the heat, and then they begin to long for unsettled weather again—any old kind will do only to get relief from the intolerable heat. Talk as you please, but climate is the first consideration, and afterward if you can get a little something to eat all the better. Here we have them both and what more need one want?

The Register takes great pleasure in commending the zeal of an eastern Congregational preacher in sending dodgers to his parishioners in which occurs the following: "While you are planning for your summer vacations don't forget the tradesmen to which you owe money. They might be able to take a vacation, too, if you would pay up." Here is true orthodoxy, and the Register, as a great religious daily, feels impelled to give it a boost by passing it around. It is to be feared that it is a doctrine that needs emphasizing more than some others that are merely speculative and less practical. Let us not, brethren, be as those who take their vacations on other people's money, and by the way don't forget the printer. He, like yourselves, is flesh and blood and sometimes needs a little outing himself, and how is he going to get it except he first gets the wherewithal?

There is always something to make trouble over, but about the worst thing is religion. Spain is given to this and is just having a revival of it. We are told that the Republicans and radicals are organizing a campaign

throughout the country in opposition to the Catholic religion, but from their movements heretofore the inference is a fair one that they are opposed to all religion. Like all other political excitements in the Peninsula, however, it is hard for outsiders to get an understanding of the situation, and perhaps the only safe way is to merely chronicle the fact that there is trouble in Spain of a religious nature, which as before intimated is about the worst kind of trouble that can trouble any country.

Illinois is the state that is just now furnishing an illustration of the necessity for reforming our court procedure. The case is that of one man blocking the eleven other men on the jury and protecting the chief briber in the notorious senatorial scandal. A man with money and political backing can generally get one friend on the jury, and that one can stand off eleven others no matter what the evidence may be. In this case the man who hangs out is a member of the political faction from which the defendant comes, and with him it may be a question of self protection. It seems almost folly to prosecute such cases when one man can over-ride the verdict of eleven other men.

The Register readers will remember Flannery, the former police commissioner under McCarthy of San Francisco, who was indicted on charges made by a pool-room manager and thereupon resigned. Being acquitted of the offense with which he was charged, he stood ready to be reinstated, but for some reason the mayor balked. Flannery now comes out in a letter and withdraws from the race. In this he states that while he was police commissioner he "worked early and late to advance the moral standard of the city." This being so, it is no wonder he was arrested and was compelled to resign, and it is no wonder that McCarthy refuses to reinstate him.

Nine out of ten of those who go to see a parachute jump attend just to see if it will fall to open. Some times this happens and generally on such occasions there is one less simpleton. It is interesting to note, however, that in a New Jersey case that happened the other day, the balloonist dropped several hundred feet and hit the ground before the contraption opened and still lives. It is probable that he was saved by reason of lighting on his head.

The Political Watchtower

John Hahn of Anaheim today announces in this paper that he is a candidate for the Republican nomination of the third supervisorial district. Mr. Hahn is in the livery business at the Mother Colony, and has been closely identified with enterprises there. His friends feel that he thoroughly understands the needs of his section, and that, if elected, he will do the work of the office faithfully.

Supervisor Fred Struck of the fourth supervisorial district, is not going to get the nomination without a fight. Another Republican, Henry Terry of West Orange, has entered the race for the nomination. Smith has withdrawn.

Gypsy Rendezvous

Sans tambourines, sans picturesque costumes, sans beads and gauds, but with an abundant supply of merry heartedness, the "Gypsy Girls" gathered last night at the A. J. Crookshank home, where Mrs. Crookshank and Miss Lida Crookshank were hostesses at a Gypsy rendezvous. Met at the door by a charming Romany maiden, clad in all the finery of the wandering clan, the guests entered it once into the atmosphere of romance. On the first landing of the stairway was another dark-eyed Gypsy, who smiled a welcome, and as he guests reached the final landing, of they beheld another child of the forest and the highway. And even as they entered the great room still an-

other of the care-free Gypsies who "live but for today" was peeping shyly at the visitors. Kindred spirit with the newcomers were these children of the glad, and recognition quickly followed.

Shasta daisies and dainty blossoms throughout the rooms recalled the sweet out-of-doors, with memories of camps under the softly shining

moon and the glittering stars, where the night breeze floated through the trees and the whole green earth called to the children of nature.

A touch of modern days was a game cleverly devised by the Gypsy leaders, in which cards on which were written words significant of the Roman life, such as "Gypsy Queen," "Camp-fire," and the "Kettle." The game was competitive and the scores were kept by tiny bells for progressions and fortune slips for losers. These were suspended from the red and green ribbons of a miniature May pole, and the fates were found by a visit to a fortune teller's tent, where handsome Gypsies told of "happy love or baffled hate." Miss Emmeline Petersen was the winner of the highest score, the reward for which was a beautiful tambourine. The consolation trophy was a scent box in the form of a silver tripod and camp kettle. The Gypsy maidens, who helped to receive and keep score, Misses Alice Cranston, Mabel Mansur, Dorothy Seccombe and Mildred Mansur, cut for a dainty package that, when opened, disclosed a pretty bead necklace.

Longing for the forest, the Gypsy band trooped into the pleasure grounds of the Crookshank place,

where their eyes were greeted by a charming sight. "Neath the forest's kindly shade" there gleamed a score of vari-colored lanterns, and, oh joy! on beyond in an open glade, gleamed a camp fire, blazing brightly, with familiar kettle swinging from the tripod above. With gay abandon, the merry crowd took possession of the beautiful camp, and around the glowing fire came into their own again. Snatches of song, bubbling laughter and merry voices blended with the crackle of the wood that crisped and fell apart in the cheery fire. Then the good fairies who haunt such charmed glens, came laden with good cheer. Savory broth from the kettle over the fire, crisp wafers made in secret nooks, lettuce leaves on which was piled a delicious salad decoction worthy of the woodland cuisine, and little biscuits, ready buttered, that came piping hot from the magic forest storehouse, were placed before the Gypsies. Scarce had these been eaten when those good fairies, the hostesses, with beckoning hands, led the way to a lovely arbor where, around tables arranged as three sides of a hollow oblong, the Gypsies partook of "fagot" pudding. Before each guest was a bright tin plate on which was a tripod of lemon candy sticks with "fagots" of rich plum pudding beneath. With this came coffee, hot and aromatic. As the feast was completed a "Robin Hood" appeared with wands sharpened to a nicety. Armed with these the Gypsies made a gay rush to the luring camp fire, and over its embers they toasted marshmallows galore, while song and laugh and jest went on till the witching of midnight closed the revel. Under the soft gray of the midnight sky they pledged their fealty to the queens of the revel, the gracious hostesses.

This charming affair was reminiscent of the recent production of the operetta, "The Gypsy Girls," with Mrs. Crookshank as director and Miss Crookshank as pianist, and those who participated in the production were the invited guests. They were Mesdames Theo. Lacy, Ella I. Fyfe, Henri Babize, Abe Roberts; Misses Havens, Willard, Gertrude and Louise Montgomery, Elsie and Gladys Harrison, Jeanette Rowell, Hazel Roberts, Margaret Ore, Katherine Cubbon, Emmeline Petersen, Ida Oderlin, Nora Whitzel, Josephine Alexander, Alice Cranston, Mabel Mansur, Dorothy

Seccombe, Emma Hasty, Margaret Roy, Mildred Mansur, Ila Brown.

Amphion Circle

The Amphion Circle of the Congregational church met yesterday afternoon in the church parlors for the annual election of officers. The society elected Mrs. E. M. Nealley as honorary president of the Circle, this to be a permanent office for Mrs. Nealley. Mrs. O. H. Hall, Jr., was chosen president, Misses Nellie Nay and Belle Hall as vice presidents, Miss Ada O'Brien as secretary and Miss Lida Crookshank as treasurer. The social committee will consist of Miss Celia Cotter, chairman, Misses Ava Wells and Florence Hall.

Plans were made for an outing on July 20 for members and friends of the circle, after which a vacation will follow.

To the City of Mexico

Miss Hutoqua Hossler and Miss Iva Miller started this morning on a delightful trip that will probably last all summer and which takes them to the City of Mexico, the ancient and beautiful capital of Mexico. The young ladies are anticipating the time of their lives and will not only get an immense amount of pleasure from seeing new faces and new scenes but will make the trip a profitable one also. They will study Spanish while in Mexico, hoping to get the language from the class Spanish and Mexican families of the Southern republic.

street, with Misses Keeler, Margaret Wakeham, Caroline Yoch, Alice Norton, Mina Menges, and Mrs. James Harding as hostesses. The event was given prior to the departure today of Misses Hossler and Miller for Mexico City, Mexico, and a Mexican motif was carried out in the tally cards and refreshments.

Cards were played during the afternoon, about thirty guests participating in the delightful affair. The prizes given were "jokes" and were awarded to Miss Van Cartmell and Miss Mary Wakeham, who was warmly welcomed at this function after her recent return from the East, where she has been for several months.

The small tables used for cards were later used for the serving of delicious refreshments.

Whist Party

Mrs. G. A. Edgar and her daughter, Mrs. Clyde Horton, were hostesses last night at a pleasant party held in the spacious parlors of the Edgar home. Shasta daisies and quantities of other flowers and ferns were used in the tastefully arranged decoration of the spacious rooms, which were filled with guests to the number of one hundred or more.

Progressive whist, in which twenty-one tables of players were engaged, was the interesting diversion of the evening. The prizes, of which there were half a dozen, and which were lovely pieces of hand-painted china, were the handiwork of Mrs. Edgar, who is well known as an adept in china painting. First prize winners were Mrs. J. W. Tubbs and Charles Kelley, second prizes were won by Miss Katherine Dryer and Terry E. Stephenson, and the consolation awards went to Mrs. James W. Rice and Dr. Roscoe Whitted.

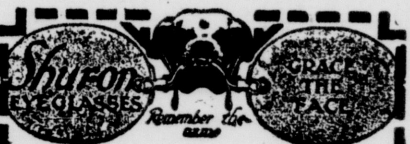

Delicious refreshments were served on small tables, the hostesses, who are charming entertainers, being assisted in serving by Miss Amelia Edgar, Miss Zoe Vanderlip, Miss Ethel Roper, Miss Una Boynton and Miss Florence Yoch. These young ladies also assisted in keeping score during the whist games.

The function was one of the most pleasant and elaborate of the season and the hostesses dispensed gracious hospitality.

MR. JACKMAN HAS HIS SAY IN ASSESSORSHIP CONTROVERSY

Editor Register:—Being an interested reader of the articles published from time to time, in your paper, regarding Politics and Politicians, I am more than usually interested in the controversy between Mr. W. M. Scott, present Assessor, and Mr. A. I. Stewart, candidate for that position.

Mr. Stewart claims that Mr. Scott has failed to make an equitable assessment and specifically names certain property which he believes has not been fairly assessed. Now, had Messrs. Campbell and "the Committee of Best Men of Orange County" been content to let Mr. Scott and Stewart fight out their own battles, then there would have been no occasion to come out and ask for a "fair deal" to Mr. Stewart; but as he has been charged by "The Best Men's Committee" of writing a misleading and unjustifiable article in answer to an interview of Mr. Scott, published in the Register recently, I feel justified in asking the same publicity be given to this article as you have to those mentioned.

Mr. Stewart specifically charged Mr. Scott of assessing certain oil wells (twenty-three in number) of the Union Oil Co., TOO LOW; and named the amount they were assessed at as \$150 each. The "Best Men's Committee"

did not attempt to deny Mr. Stewart's claim that these certain wells are assessed too low, but seek to mislead, by trying to draw attention to assessments made on other wells of the same company. That is no argument, nor is it right for the committee to charge Mr. Stewart of misleading and try to prove the charges by misleading statements of their own.

Now as to the P. E. assessment, Mr. Stewart took the P. E. double track line from Watts to Orange county line in Los Angeles county, and from Orange county line to Santa Ana in Orange county as an example. He stated that the Los Angeles county assessor assessed that part in Los Angeles county at \$20,000 per mile, and Orange county Assessor (Scott) assessed the rest of the same line but in Orange county, at only \$9000 per mile.

Well, to me, as a tax payer, this does not look like a fair assessment, and I believe other tax payers will look at it the same way. So in conclusion, will say that as this "Best Men's Committee" have not proven the charge that Mr. Stewart's statements are misleading, and unjustifiable, we must conclude that they were not misleading, therefore justifiable.

Yours for the Square Deal,
S. J. JACKMAN.

SONOMA INSURGENTS EFFECT REVOLUTION

Hiram W. Johnson and Lincoln-Roosevelt League Are in Ascendancy in North

Hiram W. Johnson and the Lincoln-Roosevelt Republican League have worked a complete political revolution in old Sonoma county, where formerly Herrin reigned and the Southern Pacific machine bore down upon the people with burdensome power. Today a majority of Republicans are members of the league, and have just finished giving a series of receptions to Mr. Johnson unsurpassed in the state for attendance and enthusiasm.

Rolf Thompson, chairman of the Sonoma County Lincoln-Roosevelt Republican League, tells the story of the revolution as follows:

"The revolution which has occurred in Sonoma county against political conditions in California has not been brought about by the work of any single body of men. Of course, our clubs have been busy stirring up our citizens so that they will plainly understand the crisis which the state is now facing, and will not be misled either by any trick of the old machine or lies printed in unscrupulous papers, controlled by the interests.

"The truth is that in this county we found fertile soil for insurgency. The way was made easy for us by the tactics of the machine itself at the last Republican state convention, held in Santa Cruz.

"Our delegates from Sonoma county were compelled to forfeit their independence and abandon their choice for governor of California, and those delegates came home disgusted with existing political conditions. Our people in the main resent this intolerable and oppressive interference of the Southern Pacific in the political affairs of the state. Ever since that pernicious Santa Cruz convention they have been patiently waiting for the opportunity to strike for freedom and liberty and punish this obnoxious machine which so foully deprived them of their civic rights.

"It was the same story that other counties of this state have to tell, but in this instance I can say from a knowledge of the situation that the Southern Pacific must pay dearly for their action.

"Not only were the people at home indignant at their betrayal, but the delegates themselves were quite as angry. It insures the anti-machine candidate for governor, Hiram Johnson, a majority at the primary. I don't think any person familiar with political conditions here will dispute my statement that Mr. Johnson will receive a majority in the county.

"Less than five weeks ago we began our active field work. After Mr. Johnson had agreed to make the race we started the Santa Rosa Club, with a membership of 150. That became our Hiram Johnson Central Club, and from this club we have been able to reach out into every section of the county. Besides the Santa Rosa Club we have clubs in Petaluma, Sonoma, Sebastopol and Healdsburg. These have an aggregate membership of 1200. That is a conservative estimate.

"Every farmer that I have talked to understands what is at stake in the fight and they will vote for Johnson. It is hard to estimate just how heavy the vote will be at this primary. I am estimating that it will be lighter than at the Taft election (5200), but I believe that to give Mr. Johnson 3200 is a very conservative estimate."

LOS ANGELES PRODUCE MARKET

The only notable change in prices on yesterday's market was the advance in cantaloupes, which are beginning to get a bit scarce, and shipments of which are growing smaller. Pony cantaloupes sold at \$1.65, and the standards at \$2.15. The corresponding quotations of the day before were \$1.40 and \$1.75. Tomatoes also are getting scarce, the locals being handled at \$1.10. The Mexicans are almost all cleaned up.

Practically everything else in the way of garden produce remained at Tuesday's figures. Quite a large consignment of asparagus was received. It was disposed of at 10 cents a pound. Hothouse cucumbers came in in good quantities, and sold at from 40 cents to 80 cents a dozen. Eggplant was marketed at 25 cents a pound. But few figs of either variety were received.

There were fair receipts of peaches, but few apricots. Burbank plums came in in considerable quantity and were handled at \$1.00 a lug box. There was the usual heavy shipment and the same prices prevailed.

Eggs were a bit higher, the local ranch candied selling at 29, the case counts at 25, and the eastern fresh at 26. The advance was a cent in each instance. Egg receipts were 294 cases.

Arrivals in butter were 20,191 pounds as compared with 78,296 pounds on the previous day. Prices were unchanged in this product.

Cheese receipts were larger, being 35,492 pounds, about 15,000 greater than on the preceding day. There was no material alteration in the selling price.

Potato arrivals were 397 sacks. There were practically no old potatoes on the market. The new sold at \$1.15 a sack. Apple receipts were very light, as were also those of beans.

In the fish market there was a noticeable shortage in barracuda and halibut, but the shipments in other fish were about the same.

NO PERMITS TO BE ISSUED

If you shoot fire-crackers or spout Roman candles or fire off any kind of fireworks in Santa Ana this Fourth of July time, you will do so in violation of law.

It is against the law to use fireworks inside the city limits without first having a permit so to do from either the chairman of the board of trustees or the city marshal.

This morning John McFadden, chairman of the board of trustees, and L. M. Edwards, city marshal, held a conference, and at that conference they agreed that neither would issue a permit for anything along the fireworks line. No permits have been issued up to

date and none will be issued. That ends it. It's to be a sane Fourth.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"SANTA ANA, 1911" IS TO BE THEIR SLOGAN

Orange County Christian Endeavorers After State Convention

An Orange county party of Christian Endeavorers left Santa Ana today for the State Christian Endeavor Convention to be held in San Jose July 1st to 5th, determined to bring the honor to Santa Ana in 1911 if possible. The late electric cars this afternoon, carried the delegates to Los Angeles where they will take their own special car that is to be attached to the Southern California Special train to San Jose, via the Coast line. The special will stop at Santa Barbara where a goodly delegation will join the Southern bunch, and these have agreed to wear Santa Ana 1911 badges. Already badges and literature have been sent north for distribution, and immediately upon arrival in San Jose, the Santa Ana people will begin to talk "Santa Ana, 1911" and badge every person who will wear their gala colors.

On the Orange county special are Mesdames J. Wiley Harris, H. M. Hamilton, Nannie E. Todd, J. A. Wilkes; Messrs. and Mesdames Frank Tood, T. L. Warren; Misses Grace Parker, Bertha Whitehead, Mabel Nickell, Ada O'Brien, Minnie Hasty, Grace Talcott, Nellie and Lucy Hill, Hope McPhee, Irene Catland, Myrtle Wilson, Etta Conkle, Minnie Pearson, Lulu Minter, Georgia Smith, Lulu Flinley, Olive Hutchison, Robbie Jones, Bessie Hill, Ida Smalley, Mary Wilkes; Leroy Warren, H. G. Dean, A. R. Marshall, Mark Todd, all of Santa Ana. Miss Viola Hill, who has just completed her work in Chicago, will join the delegation at San Jose; Mr. and Mrs. John Miller, Misses Mabel and Edith Culter and Grace Lentz and Lester Beymer of El Modena; Mr. and Mrs. E. W. Tuttle, Miss Inez Phinney and Victor Kennedy of Tustin; Mr. and Mrs. Donald McMillan, Mrs. George Taylor and Miss Grace Swayze of Alamitos.

NO WONDER SHE'S CROSS—The woman who has a thousand petty cares and annoyances while suffering with headache or sideache must not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulness from her family and such a simple and natural remedy as Lane's Family Medicine, the herb tea that makes weak women strong and well. Sold by druggists and dealers, 25c.

LAUGHLIN RETURNED HERE, MAY BE TRIED

Peter Laughlin, who was declared insane by a jury in the superior court several months ago, has been declared cured and yesterday Sheriff Lacy brought him here from the asylum at Patton. Laughlin was charged with firing a shot at John C. Keefe, a West Orange rancher. Keefe was hit on the hand by a bullet. During Laughlin's trial, Attorney Bishop demanded that Laughlin be tried for his sanity. He was declared insane. It seems probable that Laughlin will now be tried on the criminal charge. Laughlin is a frightful stammerer. His stay at the asylum has not bettered his disability as regards speech.

INDIGESTION GOES

The Rowley Drug Co. Sells Best Prescription on Earth on the Money Back Plan

—Almost everybody knows that sick headache, nervousness and dizziness, are caused by disordered stomach.

Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using Mi-o-na stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all of the specialists on earth.

A large 50 cent box of Mi-o-na stomach tablets is all you need to get quick and lasting relief.

Mrs. Altie Etson of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in good health as ever, and has a good strong stomach and eats anything she likes. She attributes her present good health to the use of MI-O-NA.

If you have heartburn, belching of gas, heaviness or any stomach trouble no matter how chronic, try Mi-o-na stomach tablets on money back plan. Sold by druggists everywhere and by the Rowley Drug Co., who guarantees them.

W. E. PERRY GIVES UP REFORM BUREAU WORK

W. E. Perry has been compelled on account of family health conditions to resign his position as Superintendent of the International Reform Bureau. He will retire from public life and engage in business.

Justice Smithwick today continued the preliminary examination of Ricardo and Charles Aralza until July 7. The continuance was at the request of the defendant's attorney, H. C. EXTENSIVE PLANS FOR THE YUCAIPA VALLEY

REDLANDS, June 30.—The directors of the Redlands and Yucaipa Land Company have made plans for the extension of operations in the valley, ordering the building of a storage reservoir to cover eight acres and to range in depth from twenty-five to forty feet; also to complete the water system at once, this being about two-thirds established at this time. The officers of the company have mapped out work for the summer and fall. An order is to be placed for 500,000 apple trees for planting by purchasers of land during the year.

MRS. REUBEN MOYER HAS
STROKE OF PARALYSIS

Mrs. Reuben Moyer of Santa Clara avenue, is critically ill from a stroke of paralysis, sustained yesterday. So low is Mrs. Moyer's condition that little hope is felt for her recovery.
The circumstances of the attack were peculiarly sad. Stepping out on the porch of her home to greet friends from the East, Mrs. Moyer suddenly dropped unconscious to the floor, and a hurried investigation revealed the fact that she had been stricken with paralysis. The family, which is widely known, will have great sympathy in this hour of trouble.
